

# Welcome to your specialty pharmacy.

OptumRx offers specialty medication support through Optum® Specialty Pharmacy, formerly known as BriovaRx®. Optum Specialty Pharmacy provides the resources and personalized support to help you with your condition.

To get started, visit [specialty.optumrx.com](https://specialty.optumrx.com) or call **1-877-402-1816**.

## What services does the specialty pharmacy provide?

We do more than just fill your specialty prescription. Our dedicated team of specialty clinical pharmacists is available to provide resources and personalized support to help you manage your condition and treatment. You also have:

- 24/7 access to dedicated pharmacists
- Clinical and adherence programs
- Medication supplies at no extra cost
- Refill reminders
- Timely delivery in confidential packaging

## How will I be supported during the transition to Optum Specialty Pharmacy?

If you are currently taking a specialty medication, we will notify you in December to help with:

- Physician outreach to transfer your prescription.
- Setting up first prescription fill through Optum Specialty Pharmacy.
- Answer questions about your medication—how to take it, why it was prescribed, how it works, and how to manage any side effects.
